Dear Mr. Darling,

**Re: Complaint filed by Cable Watch
pursuant to s. 12 of the *Broadcasting Act***

I am representing Cable Watch in regard to this matter.

Enclosed you will find my client's reply to the March 29, 1996, submissions of the Canadian Cable Television Association (the "CCTA") and Rogers Cablesystems Limited ("Rogers") which were provided to the Commission as requested by the Commission in its letter of March 8, 1996.

The enclosed submissions may be regarded by the Commission not only as a reply to the above noted submissions, but also as a preliminary version of the detailed evidence and submissions which will be provided by my client during the course of the anticipated public hearing that my client has requested the Commission to schedule in regard to this matter.

My client's enclosed submissions answer all of the allegations made by the CCTA and Rogers in their March 29, 1996, submissions. In particular, the enclosed submissions reveal that my client's complaint is based on a clear understanding of the relevant sequence of events and is a complaint that is meritorious and deserves a full public hearing during which all interested parties will be given a full opportunity to submit evidence and legal arguments.

If the CCTA and Rogers intend to provide the Commission with further submissions in reply to my client's enclosed preliminary submissions, my client will also request a further opportunity to respond.

Thank you.

Yours truly,

Christopher K. Leafloor
